INVESTIGATIVE METHODS

If an Investigator has been assigned to conduct an assessment, all investigative methods used during this assessment must be reported on the form. The Add Method button can be used to create additional Method sections as needed. The Method Explanation field should be used to describe the results of each individual method employed. Once the assessment has been completed, the Findings section can be used to report overall results and recommendations to the Supervisor.

Interview or request information from members of the public and private entities.

Method Options: Generally, no approval required. However, certain interviews do require higher approval. Certain rules apply to requesting information without revealing FBI affiliation or the true purpose of the request. See DIOG section 5.9 F.
